### Land Beyond the Rivers: the southern Sudan, 1898-1918

Collins's Land beyond the rivers is a scholarly, well-documented study, which for the first time enables us to grasp the reasons and the magnitude of what later became known as the 'Southern problem'. True, Collins has only stated the facts which brought about the peculiar separatist policy in the Southern Sudan. Dealing with the formative years,

South Sudan's vast plains and plateaus are drained by the Nile River and its tributaries. This river system runs from south to north across the entire length of the east-central part of the country. At the heart of the country is a clay plain, the centre of which is occupied by an enormous swampy region known as Al-Sudd (the Sudd).
